UNIT BILL PASSED

SENATE VOTES FOR CRAIG BILL, 20 TO 12.

WILL MAKE CITY DRY

Voting With the Rest of County, Maryville Would Lose Her Saloons—Wets Invoke Initiative.

UNIT BILL SUMMARIZED.

The Hay county unit bill applies to each county in the state. Under it when a special election on local option is called all cities and towns within the county, no matter what their population, must be included, voting on the proposition with the rest of the county. If a majority of the votes cast favor abolishing liquor traffic, all saloons both in the county and the city must close.

Under the present local option law cities of 2,500 or more, vote independently of the county. The Hay bill removes this maximum and all cities and the counties in which they are situated must vote as a unit in local option elections.

In other respects the local option law remains unchanged.

All that remains for the bill to become a law is for Governor Major's signature. That the Governor will sign the bill, there is no doubt.

To the utter surprise of the "wets," the "drys" won a complete victory in the senate at Jefferson City late Wednesday afternoon. They not only defeated an attempt to kill the Hay county unit bill by amending it so that only cities of 4,000 and under should vote with the rest of the county on local option, but passed the unit bill intact as it came from the house, which passed that body by a vote of 90 to 45. And this in face of an unfavorable report on the measure from the senate committee on criminal jurisprudence.

It probably was the most important prohibition fight a Missouri Legislature has known and was fought from roll call to roll call with bitterness and intensity. An hour before the senate convened most of the seats had been taken in the gallery and by the time the debate opened the crowd, mostly women and house members, had packed in until not another person could get inside the room.

Senator Craig, of Maryville, the dry leader of the senate, opened the battle with a motion that the bill be placed on its final passage and was seconded by Senator Busby of Carrollton. There wasn't a dull moment until the "wets" thoroughly whipped and discouraged, left the senate chamber still dazzled and trying to figure out how it happened.

The wets tried to extract the teeth of the measure by an amendment offered by Senator Gardner, a Republican from St. Louis county, one of the "wettest" of the "wets."

The Gardner amendment practically killed county unit. It raised the population limit of cities exempt from voting within the counties in local option elections from 2,500 to 4,000.

Gardner, suave, clever and a splendid orator, kicked the County Unit Bill all about the senate chamber in verbal boots. The senators who didn't want to vote against the bill were charmed by his oratory and the spectators almost dazzled. But county unit was brought right back as an issue when Senator Craig, a farmer, rose and spoke bluntly.

"A vote for this amendment is a vote against county unit," he said.

That was the issue as the "drys" made it and the "wets" with oratory a-plenty, couldn't get away from it.

Smilingly confident, Senator Gardner rose to put the "drys" to final rout. They had all the worst of the argument, thus far, and few people in the senate chamber but believed that the bill would be defeated. Liquor questions didn't belong to the legislature, he said. If a man would drink, he would drink, law or no law. The practical senate never would deprive the cities of Missouri of the revenues obtained from the saloon licenses and turn them over to the drug store saloons and blind tigers. That would be deplorable.

The Senate was in an uproar.

With not a moment's hesitation Wilson's voice rang out:

"The vote being a tie, the president pro tem, acting as lieutenant governor, votes 'No.'"

If he had refused to vote the amendment would have been lost just the same as if he had voted "aye." County unit would have been lost. His vote left no question about the defeat of the Gardner amendment.

Then came the roll call on the bill. The result was announced, twenty ayes, twelve noses. The "drys" poured out of the senate chamber into the hall to celebrate. Even the house members who had not deserted their seats to witness the fight applauded when they learned the result.

The "drys" made their victory complete. They moved to reconsider the vote and then moved to lay that motion on the table. That was to prevent a reconsideration on the bill. On that roll call the "drys" mustered eighteen votes and the "wets" eleven.

TO RESORT TO REFERENDUM.

"Wets" Will Circulate Petitions on County Unit at Once.

Jefferson City, March 6.—"Wet" leaders last night declared there was certain to be a referendum on the county unit bill to submit to a vote of the people. It will start a prohibition fight in the state that will make the campaign for the statewide amendmend two years ago tame in comparison.

The "wets," however, say the referendum practically is certain and that petitions will be started in a few days to submit the bill to a vote. Incidentally it will tie the bill up for two years.

GREAT REJOICING HERE.

County Unit Bill Will Make Maryville "Dry," and Also All Missouri Outside Large Cities.

There was great rejoicing in Maryville last evening when word was received by The Democrat-Forum from Jefferson City that the county unit bill had passed the senate. This paper received the first word, and the only, from Jefferson City as to the passing of the bill.

Maryville "dry" people were also proud of the part that Senator Craig took in the fight. He was the leader of the bill in the senate, and it was largely through his efforts that the bill passed that body.

It is not known whether the bill contains an emergency clause as to the time it will become a law. But if there is no emergency clause, then the bill will be come a law ninety days after the adjournment of the house.

After it becomes a law, it is said that Maryville and the rest of the county can then vote on local option. Since the county voted "dry" by 1,800 majority, and the city voted "wet" by 55 majority at the last election, there is no doubt that the entire county would be "dry" and knock the saloons out of Maryville. Lawyers here say the passage of the law repeals the local option law and the provision that no new election could be held for fou ryears would be null and void.

The city would then face a serious question as to revenue. Maryville receives $8,400 a year from the saloons here, and with the saloons out of business this amount of money would have to be raised. How it can be done remains to be seen.

The bill, it is asserted, will make Missouri all dry outside of the three largest cities.

GUESTS FROM MOUNTAIN GROVE.

Mrs. W. C. Lane and little daughter, Lucile, of Mountain Grove, Mo., arrived Thursday noon and are guests at the home of Mr. and Mrs. Clive C. Graves. Mrs. Lane and Mrs. Graves are sisters. The visitors are here also to visit Mrs. Lane's parents, Rev. Dr. and Mrs. G. L. Black, who make their home with Mr. and Mrs. Graves.

ANNOUNCES DAUGHTER'S BIRTH.

Mr. and Mrs. Robert C. Stephenson of Madison, Wis., announce the birth of a daughter, Mary Elizabeth, on Monday, March 3. Mr. and Mrs. Stephenson are well known in Maryville, Mr. Stephenson being a son of Mr. and Mrs. James M. Stephenson, who live east of Maryville.

VISITED AT BURLINGTON JUNCTION.

Mrs. H. Edwards and her daughter, Mrs. John O'Connor of Miles City, Mont., who is visiting her, returned Thursday from a several days visit at Burlington Junction with Mrs. Edwards' father, J. H. Sexton, and at Wilcox with her brother, E. L. Sexton.

MR. FELIX SOME IMPROVED.

Mr. Aaron Felix of the Berney Harris clothing store, who has been confined to his home for a month with rheumatism, was a little improved Thursday. He is having a hard time of it and the little improvement of Thursday was the first he has made since he was taken ill.

IN TEXAS LAND BUSINESS.

Mrs. Della Thrailkill of Clarinda, Iowa, was in Maryville Wednesday and Thursday on business. Mrs. Thrailkill, who formerly lived in Maryville, is now in the Texas land business and is making a success of it.

IOWA GUESTS LEAVE.

Miss Alberta Owens of Clearfield, Iowa, who has been visiting her cousin, Miss Kate Wallis, since Saturday, left for her home Thursday.

ELMO VISITORS HERE.

James M. Lamar and his granddaughter Miss Dorothy Lamar, and Miss Orpha James, all of Elmo, were Maryville business visitors Thursday.

Mrs. J. R. McKillip of St. Joseph is visiting her sister, Miss Louise Williams.

APPEAL FOR HELP

MANY PEOPLE IN BULGARIA ARE STARVING.

A STORY OF SUFFERING

Catholics and Protestants Alike Are Without Money, Food or Fuel—Country Stripped of Everything.

The Democrat-Forum has received a letter from Miss Kate Moss, who is engaged at present in special educational work in Bulgaria, teaching in the school maintained at Sofia by the Woman's Foreign Missionary society of the Methodist Episcopal church. Miss Moss is a former Maryville resident, but of recent years has resided in Kansas City, Mo. The letter follows:

Sofia, Bulgaria, Feb. 15, 1913.—Editor Democrat-Forum, Maryville, Mo.: In answer to a request for something for your paper, I comply with the following, and I hope it may deepen your interest in these brave people, their accomplishments and their needs.

Bulgaria is not quite so large as Kentucky and has more than four million inhabitants. The country is mountainous, a chain of mountains running across the country from east to west divides the territory into what is known as North and South Bulgaria. There is probably no place in the country where one is out of sight of the mountains in the distance. Some of the peaks are from 7,000 to 8,000 feet high. The soil is alluvial and very fertile.

Their mode of farming is away behind the times, according to our notions. The animals most in use are the buffalo, which travel at least two miles an hour and sometimes make better time. Oxen are used, also some donkeys and a few ponies. The buffalo furnish the milk for family use and from the cream butter is made. The plows are far from modern and the soil is barely scratched on the top so the crops which result are really a marvel.

The people, instead of living on their individual lands, as we do, live in villages, and most of these are off the main road. This is one remnant of Turkish times. The villagers work very hard and are not very well off in this world's goods. They form the peasant class of the country and the costumes of both men and women are unique to us. More of these matters I will tell you when I return home, for I am planning to bring a number of pictures which I can use.

I take it you are at present more interested in the war. This small territory has sent at least 400,000 soldiers to the front. The railway, which is under government control (and if I ever believed in government control I do not now, after my few months here), and is being used so largely for the army, carrying wounded soldiers, provisions, new recruits, or whatever is needed, that only one train a day is run anywhere for other folks, and no new goods are being brought into the country. Telephone and telegraph service is under the same control and is used in the same way. A friend of mine paid triple rates to send a telegram to her husband, who was at Lozengrad (Kirk Killisseh) with the English Red Cross, to make sure of an answer, which did arrive in ten days, the distance being about 200 miles.

The banks, save a few independent ones in the larger cities, are all under government control, and as soon as war was declared no checks on deposits were allowed to be paid. The savings banks are in connection with the postoffice and soldiers went away leaving with their families for their supplies for the winter $10. Later small amounts were allowed, $40 being the maximum.

Within twenty-four hours of the mobilization, soldiers collected in the various cities, according to orders. Into Lovetch, where I was at the time, a city of 7,500, 5,000 soldiers were ordered. A great question was how they were to be cared for, but that was about the first thing we knew of the order. A very pompous under-officer appeared before our principal and told her that they were going to send 210 soldiers to our grounds at 6 a. m. the following morning. He insisted on going over the premises and checking on each and every room the number that could be cared for there. He had little concern how and where and what we were to do, the family of seventy that filled the place regularly. It was finally settled that we should give up one building entirely to them,

PREACHING AT BAPTIST CHURCH.

Rev. C. H. John Will Speak Next Sunday Morning and Evening—Pulpit Will Be Supplied Later.

Rev. C. H. John of this city will occupy the pulpit of the First Baptist church next Sunday morning and evening. After that the pulpit will be regularly supplied until the church calls a minister.

The pulpit committee is composed of Professor W. W. Westbrook, G. B. Holmes and Herman W. Hull.

THERE ARE 181 ENROLLED.

At the Normal For This Term—Will Go Over the 200 Mark.

The enrollment for the spring quarter of the Normal reached 181 Thursday noon. This figure is only four short of the total registration of the spring quarter of 1912, and more students are coming in every day. The enrollment will easily reach over the 200 mark.

Dr. Taylor, president of the Normal, is expected to be home the last of the week from a vacation visit for the benefit of his health.

FILED A DIVORCE SUIT.

Stephen D. Large of Hopkins Suing For a Divorce From Sadie Large.

A sensational divorce petition was filed Thursday in the circuit clerk's office by Shinabargar, Blagg & Ellison for Stephen D. Large vs. Sadie E. Large. The parties are prominent people of Hopkins, and Mr. Large is a physician of that town.

The petition states that they were married March 24, 1906, in Buchanan county, Mo., and lived together until February, 1913. The petition charges Mrs. Large with going out with other men at divers times. The name of Glen Bradley is used in the petition.

BASE BALL OUTLOOK GOOD.

The Normal Team Promises to Have a Very Successful Season.

Although the base ball diamond at the Normal is in no condition for practice, the squad is working out daily in the west gymnasium. J. B. "Shylock" Wilson, the crack pitcher of former seasons and captain of the 1913 team, arrived in camp Wednesday and looks fit for a successful season. Wilson was the most dependable twirler on the team last spring, and he figured strongly in every victory the green and white nine registered. Other members of the 1912 team who are back are Ex-Captain "Reddy" McKee, catcher; Vandersloot, pitcher and infielder; Taylor, outfielder; Perrin, first base, and McDougal, utility.

HISTORIC SOUVENIR.

S. Saunders of Skidmore Has a Leaf From a Tree Planted by George Washington.

S. Saunders of Skidmore has in his possession a leaf from the last tree planted by George Washington.

Some time ago, when Mr. and Mrs. R. B. Gex of Graham were visiting in Virginia and the east, they were being shown over the historic grounds of Mount Vernon. There was pointed out to them a magnolia tree as being the last planted by the great owner of that estate, George Washington. Mr. Gex pulled off a leaf and sent it in a letter to his uncle, S. Saunders, which, of course, is prized very highly by Mr. Saunders, not only as a souvenir of historic Mount Vernon, but a relic which is closely connected with the great Washington.—Graham Record.

Moving to Nebraska.

Mrs. T. R. Linville and Miss Helen Linville, formerly of near Skidmore, left Thursday morning for their new home, near Shipley, Neb., Mr. Linville having preceded them with the household goods. Mrs. Linville and her daughter have been visiting her parents, Mr. and Mrs. Job Shinall, at the home of her brother, and his family, Q. A. Gilmore, of this city.

Home From Business and Pleasure.

Mr. H. J. Becker returned Wednesday evening from a trip to St. Joseph, where he attended a business meeting of the district Christian Endeavor convention, and assisted in making arrangements for the convention to be held in Maryville some time the coming summer. After this meeting Mr. Becker spent several days at Macedonia, Ia., with friends.

Attending Board Meeting.

George B. Baker went to St. Joseph Thursday morning to attend the regular monthly board meeting at state hospital No. 2, of which he was recently made a member by appointment of Governor Major.

Mrs. O. M. Woodard went to Creston Wednesday to visit Mr. Woodard, who is employed there.

SURE, THEY LED IT

PARADE IN WASHINGTON HEADED BY LADIES BAND.

MARCHED SEVEN MILES

Tired But Happy, the Girls Send Cards Back That Indicate They Didn't Have to Fight Their Way.

It's no dream, nor is it a mere newspaper story, that the Maryville Ladies band led the suffragist parade down Pennsylvania avenue, in Washington, D. C., Monday afternoon.

"We sure led the parade," was the first thing on a post card received Thursday morning from Miss Margaret Conway to Mrs. Matt O'Brien. "And we are being treated grandly by everybody."

Several post cards were received Thursday morning by families of the girls, and from what is gathered from all that was said on them the reporters that sent in the dispatches regarding the hard time the suffragists were having to get down the avenue were very much excited, and they did not wait to see why they were having a hard time, but with visions of the London suffragists in their brains they rushed to the telegraph offices and sent out everywhere the word that "the suffragists fought they way foot by foot down Pennsylvania avenue, while jibes and insults were flung at them as they passed. The Maryville girls say this:

"They simply went crazy over us, John, and we had a hard time to get along, for they pressed so close up to the parade line to see everybody good. Everybody was lovely to us, and showed us every courtesy. We are very tired tonight, for we walked seven miles, and were in line so long. We are going to attend the session of congress tonight."

Another band girl, Miss Orlena Helply, said in her card to her mother, Mrs. William Helply:

"My, but we are having a grand time. And Mrs. Kent is nicer to us than you can imagine. We are going to the congressional library pretty soon, although we are mighty tired. You ought to have seen us leading the parade. It was great. We expect to start home Thursday night."

THE NEW NICKLES ARE HERE.

First National Bank Received First Shipment Thursday—Buffalo and Indian on Them.

A shipment of new five-cent pieces, coined last week by the United States mint, have arrived in Maryville, the First National bank of this city receiving its first shipment Thursday morning. It is likely the bank will have a big run for them, as they seem as much in demand as the Lincoln pennies were.

MILLER CASE UP TODAY.

Suit Against Allen Bros. for $200 Tried Before Jury—Probably No Court Friday.

The case of Anna Miller, administrator of the estate of John H. Miller vs. Allen Bros., for $200 damages, was being tried in circuit court today. The case was tried at the November term and the plaintiff won the suit, receiving $200, but the defendants filed motion for a new trial, which was sustained. Cook, Cummins & Dawson are the attorneys for the plaintiff, and Ford & Wright for the defendants. The jury that is hearing the case is composed of Jacob B. Moore, J. R. Turner, John Allen, Elias Klaas, Otis Smith, George Hepburn, Lewis King, Omar Strong, Josh Florea, W. R. Hughes, L. O. Guisinger and Oliver Tudder.

A. P. Garrett vs. John H. Caldwell, on a note, defendant defaulted and evidence heard and judgment for the plaintiff for $538.85.

Noyes, Norman & Co. vs. T. W. Costello, the plaintiff dismissed suit.

There will probably be no court on Friday, as there are no cases set for that day.

TO INCORPORATE FOR $10,000.

Farmers' Phone Users to Vote Saturday on Proposition at the Court House.

The Farmers Telephone company's committee, named for the purpose of drawing up a constitution and by-laws under which the company could incorporate, has prepared its report and will be ready to lay the results of its labors before the meeting Saturday afternoon at 1 o'clock at the court house. Incorporation will probably be voted on then.

The committee is composed of Fred L. Armstrong, Lewis E. White and A. J. Croy.

The constitution and by-laws provide that the company shall be incorporated for $10,000, that one share of $10 each shall be given to each phone owner, and that one person may own only five phones. Each share carries one vote. Every shareholder shall sign the constitution, and when new lines are built a share is issued to the phoneholders as soon as the drop on the switchboard is paid for.

Under the new constitution the company would be empowered to rent phones. The directors would be in charge of the management of the switchboard, and would repair all lines after a notice to repair had been ignored for forty-eight hours. The board is allowed to incur a deficit of only $500 before the stockholders are called together to meet the obligations. Special assessments may be made only at the annual meetings or at special meetings called for that purpose.

Newlyweds Met Wednesday.

The Newlyweds Embroidery club met Wednesday afternoon with Mrs. Fred Harbison. There was the usual social hour and luncheon. This club has changed its meeting time from Thursday afternoon to Wednesday afternoon, as several of its members have enlisted for work in the Young Ladies' Aid society of the First Christion church.

M. M. M. Club Meeting.

Mrs. H. W. Hull was hostess to the M. M. M. club Wednesday afternoon. The members occupied themselves with work and general conversation most of the time, and did not discuss any special subject, as is usual with them. The hostess served a nice luncheon. There was one visitor, Mrs. Clara Stewart. The members present were Mrs. Halbert Catterson, Mrs. Edward Egley, Mrs. C. J. Eckert, Mrs. M. D. Kemp, Mrs. W. T. Ramsey, and the hostess.

Smith-Miller Wedding.

Miss Bertha Smith and Mr. Vernon Miller were married Wednesday afternoon at 2:30 o'clock at the home of the bride's parents, Mr. and Mrs. Levi Smith, 721 South Market street, Rev. Gilbert S. Cox of the First M. E. church performing the ceremony. The only guests were the bride's parents and her sister, Mrs. Will Masters and daughter, and an uncle, S. T. Wing. The members of the bridegroom's family were prevented from coming by illness. The bride has been teaching in Nodaway and other counties for several years and has always been successful. Mr. Miller is a young farmer of the county, and is the son of Mr. and Mrs. Albert Miller of Clearmont. Mr. and Mrs. Miller left Maryville Thursday morning for their home, four miles northeast of Clearmont, where they will be at home to many friends.

APPEAL FOR HELP

(Continued from Page 1)

our dining room, two recitation rooms and three rooms on the main floor of our school building. In our residence and just opposite my room officers were quartered, and in the basement the guns and ammunition were stored. Over these guards were constantly kept. They kept coming until we had 260 men. They were reserves, the older men, and were very quiet and orderly. We saw them equipped, those coming first being supplied with a suit, a coat, knapsack, canteen and arms. Those who came later took what was given them, many men going in their own clothes. So it was all over the country, nor was this all, but supplies of every sort needed for the soldiers were "requisitioned." The country at once was put under military law. Without warning, our supply of bread was less than half. Having some flour we baked bread in the school to make up the lack. Meat, which we usually had once a day, could not be had at all on many days and then only what they chose to let us have, and this latter condition continues until the present time in the outside places. We ate in the school room from the desks and used of supplies laid in before. We had soldiers for a week.

Nor were the men and supplies all that were taken—every cart, horse, donkey, buffalo, which was strong enough was taken to carry supplies. As a result four-fifths of the business houses, outside of Sofia, the capital, were and are closed and prices advanced necessarily as the supplies were reduced. In Lovetch, which is twenty miles off the railroad, kerosene, matches, sugar, salt and such articles were at times not to be had, and when they were, in small quantities. We suffered many inconveniences, and had it not been that the school had some pigs, which we killed from time to time, we should have been compelled to close weeks before we did. The last and largest difficulty we faced was getting fuel. Wood is the only thing available, and because of the scarcity of carts we had all we could do to secure enough to last us until January 1st, when we closed our school for a long vacation. We expect to open again in March.

The most trying feature of the whole situation has been the failure to give out news—fair, unbiased, reliable news. Victories were reported, repulses never until some other countries reported them in their papers, then we had some hint of the situation. A part of this annoyance was due to the rigid censorship of mails as well as of war news. Soldiers were allowed to write postals only, and on these at first could give neither the date nor the place where they were. Can you imagine how folks at home suffered for news from loved ones? Yet they have been so brave, so uncomplaining and all have seemed to feel it was the only way Macedonia could be delivered, and it seems so. When men fell on the field or were wounded, or were missing, no lists were published, and when news of severe fighting came all were extremely anxious. Many were wounded. I visited a hospital the other day where there are 2,000 wounded, and there are at least 10,000 such wounded men here in Sofia. During the armistice many learned from friends of the death of their husbands, sons and brothers; others decided their loved ones were dead because they had no mail from them. As a result of the many who have been killed so many are in mourning and so many necrologues are posted and so much black is draped over entrances to houses that you cannot take a short walk without seeing many such places and people.

So many bank clerks, teachers, who are government employees, lawyers, judges and others, who have had a comfortable living, find themselves really suffering, and only one-third pay is given to the families of those left behind, and in many cases that is not enough to pay house rent and buy fuel. There is much suffering on every hand.

We went the other day to see a young woman who has a new baby, born since its father went to war. They live in one room. The man had a small grocery store in a good location and was doing very well. When compelled to go to war he had to close his store, and there it stands. The have managed to get on until now, but fuel is gone and practically nothing to buy fuel with. In another place, word comes that a woman, the mother of seven children, walked twelve or thirteen miles carrying on her back a few onions to sell that she might buy a few things needed.

From every place comes the tale of woe. One of our pastors went out to a Roman Catholic village (you know the Greek Catholic church is the state church here) at the request of a priest from America, who asked the assistance of our Dr. Count, the superintendent of the M. E. mission here, to learn of their needs. The pastor, himself a Bulgarian, writes he never dreamed of such need as he found there. One woman with four little children were living in one little room. The husband was killed at Chatalja. The children were almost naked and without food. He visited many other homes and found them without food for that day and nothing for the future. He reports at least 100 families in dire need and mentions seeing three other families in worse condition than those he had described. He mentions two other villages of Catholics needing help. I mention this, thinking perhaps some of the good Catholics around Maryville would like to help these poor people, for their need will continue until spring. If they want to send to me I will see that it goes to their people.

The only funds being distributed in North Bulgaria are those given by our Methodist Episcopal church, most of which is being given out among the Protestants and the attendants of our churches. Some English Quakers who are here with some funds came to call on Dr. Count, and he told them of the need of these Catholic people, and they are helping a little, and this priest before mentioned promised to send some funds to Dr. Count. The Protestants and the Roman Catholics are the ones who will be the last cared for by any funds of the state which may be available later.

The war continues—and why? How could they stop and allow the enemy to remain in the very heart of the country, as they would be if Adrianople was not given to them, and they would soon have the same work to do over again. How long it will continue, who can tell? When mentioning the need of the people, you may ask why these women do not work? The answer is easily given: There is nothing they can get to do. People of means who have employed much help have cut off many and are not spending money, and even complain they cannot get their money. One poor couple, members of one of our churches, has always lived simply on what the man could make by weaving, and in later years has had a little help from a son. This son has gone to war. The father gets no weaving to do and they have been without fuel and flour.

You may wonder that I mention no other church—perhaps you do not all know that the Congregationalists in South Bulgaria and our church in North Bulgaria are the only missions here, aside from the Roman Catholics, so that if any of you feel like sending something to help, I can assure you all of us who are here will be glad to see that it reaches the needy. These people are brave, lovable people and are doing a great work.

Yours sincerely,
KATE E. MOSS.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

SPEAKER CLARK IS RENOMINATED

House Democrats Hold Harmonious Six-Hour Caucus.

WESTERNERS IN ORGANIZATION

Congressmen From Several States Form Alliance and Will Act Much in the Same Way as State Delegation Is Expected to Do.

Washington, March 6.—Speaker Clark was renominated, Representative Underwood of Alabama again chosen chairman of the ways and means committee, the entire Democratic personnel of the tariff-making body named and all the house officials renominated at a harmonious six-hour caucus of the Democrats of the house of the Sixty-third congress. The caucus was held in the house chamber and 270 of the 290 house Democrats were present.

Before the caucus convened, representatives from western states, including Iowa, Kansas, Minnesota, Colorado, California, Michigan, Nebraska, Montana, Arizona, New Mexico and Wisconsin, had a joint conference and formed an organization to act as a unit as far as possible, in the same way that a state delegation would act.

TEXAS TRIES TO OUST TRUST

Penalties Aggregating $36,000,000 Asked From Standard Oil Company.

Greenville, Tex., March 6.—Suit seeking to oust the Standard Oil companies of New York and New Jersey and the Magnolia Petroleum company and Corsicana Petroleum company of Texas from the state and to recover penalties aggregating $36,175,000 from the four companies named and twenty-five individual defendants, was filed in the Eighth district court here.

Violation of the anti-trust laws of Texas is alleged.

The Standard Oil companies of New York and New Jersey, the Magnolia Petroleum company and several of those named as individual defendants in the petition were indicted by a federal grand jury at Dallas last year for alleged violation of the Sherman anti-trust law, but recently the indictments were dismissed at the direction of former Attorney General Wickersham, who held that the evidence secured did not warrant the indictments.

SONORA ANNOUNCES REVOLT

State Congress Publicly Repudiates Huerta Government.

Hermosillo, Sonora, Mex., March 5—Repudiation of Huerta's provisional national government was made officially here at a special meeting of the Sonora state congress, which also issued a general call to arms for all people of the state to prevent any intrusion of Huerta soldiers.

"Any attempt to bring government troops into Sonora will be resisted," was the message sent by the state authorities here to the party in power at Mexico City.

Provisional Governor Pesquiera has issued an announcement declaring:

"I am prepared to defend the state with my life."

He was appointed chief executive by the senate when Governor Maytorena, now a refugee in Arizona, was ousted.

Cannon have been placed around the city and entrenchments are being dug.

METZ'S BOWL AT TOLEDO

Score Twenty-Seven-Eighty-Four in Five-Man Play.

Toledo, March 6.—The count of 2,784, almost a sure bet for a portion of the prize money to be distributed among the five-man teams entered in the American Bowling congress, was rolled up by the Metz five of Omaha. In their second game they scored 925 and in their last 969, due to a heavy count by Neale.

When the two-man and individual events were concluded for the day it was seen that Louis Wilson and W. Christy of Excelsior Springs, Mo., had taken second place in the two-man events with a count of 1,252 pins.

In the individuals, S. Sobieski of Des Moines, Ia., ran up 653 pins, which placed him second in that event.

Younger Madero Is Awaiting Relatives

New York, March 6.—Evaristo Madero, one of the younger brothers of the late president of Mexico, arrived fram Ithaca to await his parents and other members of the family, who are expected to reach here tomorrow on the steamer Mexico from Havana. Young Madero, who is about twenty-two years old, has just completed a four year course in agriculture at Cornell university.

Kraus Gains Decision Over Papke.

Paris, March 6.—Frank Kraus of Pittsburgh was awarded the decision over Billy Papke of Kewanee, Ill., in the fifteenth round of their contest at the Circque de Paris. Papke was warned repeatedly by the referee for breaches of the rules.

Maine Suffragists Lose.

Augusta, Me., March 6.—Women will not be permitted to vote in Maine for some time at least. The bill providing for a referendum on a woman suffrage amendment to the constitution was killed in the house by a vote of 89 to 53 after it had passed the senate.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS--25 CENT "DANDERINE"

SAVE YOUR HAIR! BEAUTIFY IT! INVIGORATE YOUR SCALP! DANDERINE GROWS HAIR AND WE CAN PROVE IT.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Advertisement.

NEW PRESIDENT HAS BUSY DAY

Wilson Settles Down to Work With Little Ceremony.

SHAKES HANDS OF MULTITUDE

President Wilson Announces That He Will Not See Candidates Unless He Sends for Them—Applicants Must See Heads of Departments.

Washington, March 6.—Woodrow Wilson has settled down in the chair of president as quietly and with as little ceremony, probably, as almost any man who ever crossed the threshold of the White House to become its master.

His long day was crowded with incidents and filled with the flavor of a power that is a president's. Almost his first act was to serve notice upon office seekers that they will not be welcome at the White House unless they have been invited. Almost his last act was to confer with John W. Kern, chosen as leader of the Democrats in the senate, and reputed representative of the administration in the upper house. In between he found time to shake hands with close to 2,000 persons, consult with his new cabinet and with a few friends in congress, dictate letters and generally launch his own ship of administration.

Precedents Still Safe.

In spite of the reports that Mr. Wilson might be expected to change many of the precedents that have grown up about the presidency, he bothered with none of importance except that which permitted the office seeker to invade the White House. He fitted in easily with the machinery of the executive offices, did mostly what trained officials told him should be done and took up the routine of government with ease.

Joseph B. Tumulty, Mr. Wilson's secretary, was just about as busy as his chief. He talked to the newspaper men stationed at the White House half a dozen times, dictated many letters, received the congratulations of scores of friends from New Jersey and talked with many prominent Democrats.

All the delegations received came by appointment and the reported policy of the "open door" was explained to be an "open door" only to those who call upon public business.

New Cabinet Holds Session.

Charles R. Crane of Chicago was the first to have an appointment with the president. The members of the new cabinet arrived while President Wilson was talking with Mr. Crane. Josephus Daniels, the new secretary of the navy, was first, and he was followed by Lindley M. Garrison, the new secretary of war; William B. Wilson, the first secretary of labor; William J. Bryan, the new secretary of state; Franklin K. Lane, who becomes secretary of the interior; David F. Houston, chancellor of Washington university of St. Louis, who becomes secretary of agriculture; Albert S. Burleson, who gives up his place in the house to be postmaster general; William B. Redfield, another member of congress, who becomes secretary of commerce, and James C. McReynolds, attorney general. William G. McAdoo, the new secretary of the treasury, was last.

GOSSIP ABOUT DIPLOMATS

Richard Olney May Be Ambassador to Great Britain.

Washington, March 6.—President Wilson made formal announcement that he offered an ambassadorship to Chairman William F. McCombs of the Democratic national committee.

"Mr. McCombs told me he did not wish a cabinet appointment. I have offered him one of the principal diplomatic posts and hope he will accept. I desire men of cabinet size for the chief foreign appointments," said the president.

It is known that the ambassadorship to France has been offered.

Particular significance was generally attached to the visit at the White House office of several other members mentioned for diplomatic posts.

Abraham I. Elkus of New York, who is likely to go to Japan, saw the president for a few minutes, as did Thomas Nelson Page, who may go either to Austria or Germany, and Charles R. Crane of Chicago, who seems certain to go to Russia.

Richard Olney of Massachusetts who was secretary of state in President Cleveland's cabinet, was said to be slated for Great Britain. Frederick C. Penfield will go either to Austria or Italy and Augustus Thomas of New York is likely for one of these two posts. Justice J. W. Gerard for Spain, William Church Osborn or Henry Morganthau for Germany or Turkey and Frederick H. Allen for Switzerland are considered likely to represent the new administration abroad.

Suffragists Lose in Massachusetts.

Boston, March 6.—After several spirited hearings, participated in by prominent men and women, a committee in the Massachusetts legislature voted to report "leave to withdraw" on a bill providing for a referendum on a constitutional amendment which would eliminate the word "male" from the provision defining the qualifications of a voter.

FEEL BULLY? TAKE CASCARETS TONIGHT

A 10-Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing sickening headache.

Salts, cathartics, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels clean and regular for months.—Advertisement.

UNIT BILL PASSED

SENATE VOTES FOR CRAIG BILL, 20 TO 12.

WILL MAKE CITY DRY

Voting With the Rest of County, Maryville Would Lose Her Saloons—Wets Invoke Initiative.

UNIT BILL SUMMARIZED.

The Hay county unit bill applies to each county in the state. Under it when a special election on local option is called all cities and towns within the county, no matter what their population, must be included, voting on the proposition with the rest of the county. If a majority of the votes cast favor abolishing liquor traffic, all saloons both in the county and the city must close.

Under the present local option law cities of 2,500 or more, vote independently of the county. The Hay bill removes this maximum and all cities and the counties in which they are situated must vote as a unit in local option elections.

In other respects the local option law remains unchanged.

All that remains for the bill to become a law is for Governor Major's signature. That the Governor will sign the bill, there is no doubt.

To the utter surprise of the "wets," the "drys" won a complete victory in the senate at Jefferson City late Wednesday afternoon. They not only defeated an attempt to kill the Hay county unit bill by amending it so that only cities of 4,000 and under should vote with the rest of the county on local option, but passed the unit bill intact as it came from the house, which passed that body by a vote of 90 to 45. And this in face of an unfavorable report on the measure from the senate committee on criminal jurisprudence.

It probably was the most important prohibition fight a Missouri Legislature has known and was fought from roll call to roll call with bitterness and intensity. An hour before the senate convened most of the seats had been taken in the gallery and by the time the debate opened the crowd, mostly women and house members, had packed in until not another person could get inside the room.

Senator Craig, of Maryville, the dry leader of the senate, opened the battle with a motion that the bill be placed on its final passage and was seconded by Senator Busby of Carrollton. "There wasn't a dull moment until the "wets" thoroughly whipped and discouraged, left the senate chamber still dazzled and trying to figure out how it happened.

The wets tried to extract the teeth of the measure by an amendment offered by Senator Gardner, a Republican from St. Louis county, one of the "wettest" of the "wets."

The Gardner amendment practically killed county unit. It raised the population limit of cities exempt from voting within the counties in local option elections from 2,500 to 4,000.

Gardner, suave, clever and a splendid orator, kicked the County Unit Bill all about the senate chamber in verbal boots. The senators who didn't want to vote against the bill were charmed by his oratory and the spectators almost dazzled. But county unit was brought right back as an issue when Senator Craig, a farmer, rose and spoke bluntly.

"A vote for this amendment is a vote against county unit," he said.

That was the issue as the "drys" made it and the "wets" with oratory a-plenty, couldn't get away from it.

Smilingly confident, Senator Gardner rose to put the "drys" to final rout. They had all the worst of the argument, thus far, and few people in the senate chamber but believed that the bill would be defeated. Liquor questions didn't belong to the legislature, he said. If a man would drink, he would drink, law or no law. The practical senate never would deprive the cities of Missouri of the revenues obtained from the saloon licenses and turn them over to the drug store saloons and blind tigers. That would be deplorable.

With not a moment's hesitation Wilson's voice rang out:

"The vote being a tie, the president pro tem, acting as lieutenant governor, votes 'No.'"

If he had refused to vote the amendment would have been lost just the same as if he had voted "aye." County unit would have been lost. His vote left no question about the defeat of the Gardner amendment.

Then came the roll call on the bill. The result was announced, twenty ayes, twelve noses. The "drys" poured out of the senate chamber into the hall to celebrate. Even the house members who had not deserted their seats to witness the fight applauded when they learned the result.

The "drys" made their victory complete. They moved to reconsider the vote and then moved to lay that motion on the table. That was to prevent a reconsideration on the bill. On that roll call the "drys" mustered eighteen votes and the "wets" eleven.

TO RESORT TO REFERENDUM.

"Wets" Will Circulate Petitions on County Unit at Once.

Jefferson City, March 6.—"Wet" leaders last night declared there was certain to be a referendum on the county unit bill to submit to a vote of the people. It will start a prohibition fight in the state that will make the campaign for the statewide amendmend two years ago tame in comparison.

The "wets," however, say the referendum practically is certain and that petitions will be started in a few days to submit the bill to a vote. Incidentally it will tie the bill up for two years.

GREAT REJOICING HERE.

County Unit Bill Will Make Maryville "Dry," and Also All Missouri Outside Large Cities.

There was great rejoicing in Maryville last evening when word was received by The Democrat-Forum from Jefferson City that the county unit bill had passed the senate. This paper received the first word, and the only, from Jefferson City as to the passing of the bill.

Maryville "dry" people were also proud of the part that Senator Craig took in the fight. He was the leader of the bill in the senate, and it was largely through his efforts that the bill passed that body.

It is not known whether the bill contains an emergency clause as to the time it will become a law. But if there is no emergency clause, then the bill will be come a law ninety days after the adjournment of the house.

After it becomes a law, it is said that Maryville and the rest of the county can then vote on local option. Since the county voted "dry" by 1,800 majority, and the city voted "wet" by 55 majority at the last election, there is no doubt that the entire county would be "dry" and knock the saloons out of Maryville. Lawyers here say the passage of the law repeals the local option law and the provision that no new election could be held for fou ryears would be null and void.

The city would then face a serious question as to revenue. Maryville receives $8,400 a year from the saloons here, and with the saloons out of business this amount of money would have to be raised. How it can be done remains to be seen.

The bill, it is asserted, will make Missouri all dry outside of the three largest cities.

GUESTS FROM MOUNTAIN GROVE.

Mrs. W. C. Lane and little daughter, Lucile, of Mountain Grove, Mo., arrived Thursday noon and are guests at the home of Mr. and Mrs. Clive C. Graves. Mrs. Lane and Mrs. Graves are sisters. The visitors are here also to visit Mrs. Lane's parents, Rev. Dr. and Mrs. G. L. Black, who make their home with Mr. and Mrs. Graves.

ANNOUNCES DAUGHTER'S BIRTH.

Mr. and Mrs. Robert C. Stephenson of Madison, Wis., announce the birth of a daughter, Mary Elizabeth, on Monday, March 3. Mr. and Mrs. Stephenson are well known in Maryville, Mr. Stephenson being a son of Mr. and Mrs. James M. Stephenson, who live east of Maryville.

APPEAL FOR HELP

MANY PEOPLE IN BULGARIA ARE STARVING.

A STORY OF SUFFERING

Catholics and Protestants Alike Are Without Money, Food or Fuel—Country Stripped of Everything.

The Democrat-Forum has received a letter from Miss Kate Moss, who is engaged at present in special educational work in Bulgaria, teaching in the school maintained at Sofia by the Woman's Foreign Missionary society of the Methodist Episcopal church. Miss Moss is a former Maryville resident, but of recent years has resided in Kansas City, Mo. The letter follows:

Sofia, Bulgaria, Feb. 15, 1913.—Editor Democrat-Forum, Maryville, Mo.: In answer to a request for something for your paper, I comply with the following, and I hope it may deepen your interest in these brave people, their accomplishments and their needs.

Bulgaria is not quite so large as Kentucky and has more than four million inhabitants. The country is mountainous, a chain of mountains running across the country from east to west divides the territory into what is known as North and South Bulgaria. There is probably no place in the country where one is out of sight of the mountains in the distance. Some of the peaks are from 7,000 to 8,000 feet high. The soil is alluvial and very fertile.

Their mode of farming is away behind the times, according to our notions. The animals most in use are the buffalo, which travel at least two miles an hour and sometimes make better time. Oxen are used, also some donkeys and a few ponies. The buffalo furnish the milk for family use and from the cream butter is made. The plows are far from modern and the soil is barely scratched on the top so the crops which result are really a marvel.

The people, instead of living on their individual lands, as we do, live in villages, and most of these are off the main road. This is one remnant of Turkish times. The villagers work very hard and are not very well off in this world's goods. They form the peasant class of the country and the costumes of both men and women are unique to us. More of these matters I will tell you when I return home, for I am planning to bring a number of pictures which I can use.

I take it you are at present more interested in the war. This small territory has sent at least 400,000 soldiers to the front. The railway, which is under government control (and if I ever believed in government control I do not now, after my few months here), and is being used so largely for the army, carrying wounded soldiers, provisions, new recruits, or whatever is needed, that only one train a day is run anywhere for other folks, and no new goods are being brought into the country. Telephone and telegraph service is under the same control and is used in the same way. A friend of mine paid triple rates to send a telegram to her husband, who was at Lozengrad (Kirk Killisseh) with the English Red Cross, to make sure of an answer, which did arrive in ten days, the distance being about 200 miles.

The banks, save a few independent ones in the larger cities, are all under government control, and as soon as war was declared no checks on deposits were allowed to be paid. The savings banks are in connection with the postoffice and soldiers went away leaving with their families for their supplies for the winter $10. Later small amounts were allowed, $40 being the maximum.

Within twenty-four hours of the mobilization, soldiers collected in the various cities, according to orders. Into Lovetch, where I was at the time, a city of 7,500, 5,000 soldiers were ordered. A great question was how they were to be cared for, but that was about the first thing we knew of the order. A very pompous under-officer appeared before our principal and told her that they were going to send 210 soldiers to our grounds at 6 a. m. the following morning. He insisted on going over the premises and checking on each and every room the number that could be cared for there. He had little concern how and where and what we were to do, the family of seventy that filled the place regularly. It was finally settled that we should give up one building entirely to them,

PREACHING AT BAPTIST CHURCH.

Rev. C. H. John Will Speak Next Sunday Morning and Evening—Pulpit Will Be Supplied Later.

Rev. C. H. John of this city will occupy the pulpit of the First Baptist church next Sunday morning and evening. After that the pulpit will be regularly supplied until the church calls a minister.

The pulpit committee is composed of Professor W. W. Westbrook, G. B. Holmes and Herman W. Hull.

THERE ARE 181 ENROLLED.

At the Normal For This Term—Will Go Over the 200 Mark.

The enrollment for the spring quarter of the Normal reached 181 Thursday noon. This figure is only four short of the total registration of the spring quarter of 1912, and more students are coming in every day. The enrollment will easily reach over the 200 mark.

Dr. Taylor, president of the Normal, is expected to be home the last of the week from a vacation visit for the benefit of his health.

FILED A DIVORCE SUIT.

Stephen D. Large of Hopkins Suing For a Divorce From Sadie Large.

A sensational divorce petition was filed Thursday in the circuit clerk's office by Shinabargar, Blagg & Ellison for Stephen D. Large vs. Sadie E. Large. The parties are prominent people of Hopkins, and Mr. Large is a physician of that town.

The petition states that they were married March 24, 1906, in Buchanan county, Mo., and lived together until February, 1913. The petition charges Mrs. Large with going out with other men at divers times. The name of Glen Bradley is used in the petition.

BASE BALL OUTLOOK GOOD.

The Normal Team Promises to Have a Very Successful Season.

Although the base ball diamond at the Normal is in no condition for practice, the squad is working out daily in the west gymnasium. J. B. "Shylock" Wilson, the crack pitcher of former seasons and captain of the 1913 team, arrived in camp Wednesday and looks fit for a successful season. Wilson was the most dependable twirler on the team last spring, and he figured strongly in every victory the green and white nine registered. Other members of the 1912 team who are back are Ex-Captain "Reddy" McKee, catcher; Vandersloot, pitcher and infielder; Taylor, outfielder; Perrin, first base, and McDougal, utility.

HISTORIC SOUVENIR.

S. Saunders of Skidmore Has a Leaf From a Tree Planted by George Washington.

S. Saunders of Skidmore has in his possession a leaf from the last tree planted by George Washington.

Some time ago, when Mr. and Mrs. R. B. Gex of Graham were visiting in Virginia and the east, they were being shown over the historic grounds of Mount Vernon. There was pointed out to them a magnolia tree as being the last planted by the great owner of that estate, George Washington. Mr. Gex pulled off a leaf and sent it in a letter to his uncle, S. Saunders, which, of course, is prized very highly by Mr. Saunders, not only as a souvenir of historic Mount Vernon, but a relic which is closely connected with the great Washington.—Graham Record.

Moving to Nebraska.

Mrs. T. R. Linville and Miss Helen Linville, formerly of near Skidmore, left Thursday morning for their new home, near Shipley, Neb., Mr. Linville having preceded them with the household goods. Mrs. Linville and her daughter have been visiting her parents, Mr. and Mrs. Job Shinall, at the home of her brother, and his family, Q. A. Gilmore, of this city.

Home From Business and Pleasure.

Mr. H. J. Becker returned Wednesday evening from a trip to St. Joseph, where he attended a business meeting of the district Christian Endeavor convention, and assisted in making arrangements for the convention to be held in Maryville some time the coming summer. After this meeting Mr. Becker spent several days at Macedonia, Ia., with friends.

Attending Board Meeting.

George B. Baker went to St. Joseph Thursday morning to attend the regular monthly board meeting at state hospital No. 2, of which he was recently made a member by appointment of Governor Major.

Mrs. O. M. Woodard went to Creston Wednesday to visit Mr. Woodard, who is employed there.

SURE, THEY LED IT

PARADE IN WASHINGTON HEADED BY LADIES BAND.

MARCHED SEVEN MILES

Tired But Happy, the Girls Send Cards Back That Indicate They Didn't Have to Fight Their Way.

It's no dream, nor is it a mere newspaper story, that the Maryville Ladies band led the suffragist parade down Pennsylvania avenue, in Washington, D. C., Monday afternoon.

"We sure led the parade," was the first thing on a post card received Thursday morning from Miss Margaret Conway to Mrs. Matt O'Brien. "And we are being treated grandly by everybody."

Several post cards were received Thursday morning by families of the girls, and from what is gathered from all that was said on them the reporters that sent in the dispatches regarding the hard time the suffragists were having to get down the avenue were very much excited, and they did not wait to see why they were having a hard time, but with visions of the London suffragists in their brains they rushed to the telegraph offices and sent out everywhere the word that "the suffragists fought they way foot by foot down Pennsylvania avenue, while jibes and insults were flung at them as they passed. The Maryville girls say this:

"They simply went crazy over us, John, and we had a hard time to get along, for they pressed so close up to the parade line to see everybody good. Everybody was lovely to us, and showed us every courtesy. We are very tired tonight, for we walked seven miles, and were in line so long. We are going to attend the session of congress tonight."

Another band girl, Miss Orlena Helply, said in her card to her mother, Mrs. William Helply:

"My, but we are having a grand time. And Mrs. Kent is nicer to us than you can imagine. We are going to the congressional library pretty soon, although we are mighty tired. You ought to have seen us leading the parade. It was great. We expect to start home Thursday night."

THE NEW NICKLES ARE HERE.

First National Bank Received First Shipment Thursday—Buffalo and Indian on Them.

A shipment of new five-cent pieces, coined last week by the United States mint, have arrived in Maryville, the First National bank of this city receiving its first shipment Thursday morning. It is likely the bank will have a big run for them, as they seem as much in demand as the Lincoln pennies were.

MILLER CASE UP TODAY.

Suit Against Allen Bros. for $200 Tried Before Jury—Probably No Court Friday.

The case of Anna Miller, administrator of the estate of John H. Miller vs. Allen Bros., for $200 damages, was being tried in circuit court today. The case was tried at the November term and the plaintiff won the suit, receiving $200, but the defendants filed motion for a new trial, which was sustained. Cook, Cummins & Dawson are the attorneys for the plaintiff, and Ford & Wright for the defendants. The jury that is hearing the case is composed of Jacob B. Moore, J. R. Turner, John Allen, Elias Klaas, Otis Smith, George Hepburn, Lewis King, Omar Strong, Josh Florea, W. R. Hughes, L. O. Guisinger and Oliver Tudder.

A. P. Garrett vs. John H. Caldwell, on a note, defendant defaulted and evidence heard and judgment for the plaintiff for $538.35.

Noyes, Norman & Co. vs. T. W. Costello, the plaintiff dismissed suit.

There will probably be no court on Friday, as there are no cases set for that day.

Winfield Scott Sick.

Winfield Scott, living five miles northwest of Maryville, has been dangerously ill of congestion of the bowels.

TO INCORPORATE FOR $10,000.

Farmers' Phone Users to Vote Saturday on Proposition at the Court House.

The Farmers Telephone company's committee, named for the purpose of drawing up a constitution and by-laws under which the company could incorporate, has prepared its report and will be ready to lay the results of its labors before the meeting Saturday afternoon at 1 o'clock at the court house. Incorporation will probably be voted on then.

The committee is composed of Fred L. Armstrong, Lewis E. White and A. J. Croy.

The constitution and by-laws provide that the company shall be incorporated for $10,000, that one share of $10 each shall be given to each phone owner, and that one person may own only five phones. Each share carries one vote. Every shareholder shall sign the constitution, and when new lines are built a share is issued to the phoneholders as soon as the drop on the switchboard is paid for.

Under the new constitution the company would be empowered to rent phones. The directors would be in charge of the management of the switchboard, and would repair all lines after a notice to repair had been ignored for forty-eight hours. The board is allowed to incur a deficit of only $500 before the stockholders are called together to meet the obligations. Special assessments may be made only at the annual meetings or at special meetings called for that purpose.

APPEAL FOR HELP

(Continued from Page 1)

our dining room, two recitation rooms and three rooms on the main floor of our school building. In our residence and just opposite my room officers were quartered, and in the basement the guns and ammunition were stored. Over these guards were constantly kept. They kept coming until we had 260 men. They were reserves, the older men, and were very quiet and orderly. We saw them equipped, those coming first being supplied with a suit, a coat, knapsack, canteen and arms. Those who came later took what was given them, many men going in their own clothes. So it was all over the country, nor was this all, but supplies of every sort needed for the soldiers were "requisitioned." The country at once was put under military law. Without warning, our supply of bread was less than half. Having some flour we baked bread in the school to make up the lack. Meat, which we usually had once a day, could not be had at all on many days and then only what they chose to let us have, and this latter condition continues until the present time in the outside places. We ate in the school room from the desks and used of supplies laid in before. We had soldiers for a week.

Nor were the men and supplies all that were taken—every cart, horse, donkey, buffalo, which was strong enough was taken to carry supplies. As a result four-fifths of the business houses, outside of Sofia, the capital, were and are closed and prices advanced necessarily as the supplies were reduced. In Lovetch, which is twenty miles off the railroad, kerosene, matches, sugar, salt and such articles were at times not to be had, and when they were, in small quantities. We suffered many inconveniences, and had it not been that the school had some pigs, which we killed from time to time, we should have been compelled to close weeks before we did. The last and largest difficulty we faced was getting fuel. Wood is the only thing available, and because of the scarcity of carts we had all we could do to secure enough to last us until January 1st, when we closed our school for a long vacation. We expect to open again in March.

The most trying feature of the whole situation has been the failure to give out news—fair, unbiased, reliable news. Victories were reported, repulses never until some other countries reported them in their papers, then we had some hint of the situation. A part of this annoyance was due to the rigid censorship of mails as well as of war news. Soldiers were allowed to write postals only, and on these at first could give neither the date nor the place where they were. Can you imagine how folks at home suffered for news from loved ones? Yet they have been so brave, so uncomplaining and all have seemed to feel it was the only way Macedonia could be delivered, and it seems so. When men fell on the field or were wounded, or were missing, no lists were published, and when news of severe fighting came all were extremely anxious. Many were wounded. I visited a hospital the other day where there are 2,000 wounded, and there are at least 10,000 such wounded men here in Sofia. During the armistice many learned from friends of the death of their husbands, sons and brothers; others decided their loved ones were dead because they had no mail from them. As a result of the many who have been killed so many are in mourning and so many necrologues are posted and so much black is draped over entrances to houses that you cannot take a short walk without seeing many such places and people.

So many bank clerks, teachers, who are government employees, lawyers, judges and others, who have had a comfortable living, find themselves really suffering, and only one-third pay is given to the families of those left behind, and in many cases that is not enough to pay house rent and buy fuel. There is much suffering on every hand.

We went the other day to see a young woman who has a new baby, born since its father went to war. They live in one room. The man had a small grocery store in a good location and was doing very well. When compelled to go to war he had to close his store, and there it stands. The have managed to get on until now, but fuel is gone and practically nothing to buy fuel with. In another place, word comes that a woman, the mother of seven children, walked twelve or thirteen miles carrying on her back a few onions to sell that she might buy a few things needed.

From every place comes the tale of woe. One of our pastors went out to a Roman Catholic village (you know the Greek Catholic church is the state church here) at the request of a priest from America, who asked the assistance of our Dr. Count, the superintendent of the M. E. mission here, to learn of their needs. The pastor, himself a Bulgarian, writes he never dreamed of such need as he found there. One woman with four little children were living in one little room. The husband was killed at Chatalja. The children were almost naked and without food. He visited many other homes and found them without food for that day and nothing for the future. He reports at least 100 families in dire need and mentions seeing three other families in worse condition than those he had described. He mentions two other villages of Catholics needing help. I mention this, thinking perhaps some of the good Catholics around Maryville would like to help these poor people, for their need will continue until spring. If they want to send to me I will see that it goes to their people.

The only funds being distributed in North Bulgaria are those given by our Methodist Episcopal church, most of which is being given out among the Protestants and the attendants of our churches. Some English Quakers who are here with some funds came to call on Dr. Count, and he told them of the need of these Catholic people, and they are helping a little, and this priest before mentioned promised to send some funds to Dr. Count. The Protestants and the Roman Catholics are the ones who will be the last cared for by any funds of the state which may be available later.

The war continues—and why? How could they stop and allow the enemy to remain in the very heart of the country, as they would be if Adrianople was not given to them, and they would soon have the same work to do over again. How long it will continue, who can tell? When mentioning the need of the people, you may ask why these women do not work? The answer is easily given: There is nothing they can get to do. People of means who have employed much help have cut off many and are not spending money, and even complain they cannot get their money. One poor couple, members of one of our churches, has always lived simply on what the man could make by weaving, and in later years has had a little help from a son. This son has gone to war. The father gets no weaving to do and they have been without fuel and flour.

You may wonder that I mention no other church—perhaps you do not all know that the Congregationalists in South Bulgaria and our church in North Bulgaria are the only missions here, aside from the Roman Catholics, so that if any of you feel like sending something to help, I can assure you all of us who are here will be glad to see that it reaches the needy. These people are brave, lovable people and are doing a great work.

Yours sincerely,
KATE E. MOSS.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad aftereffects. Try it. Price 25c.

SPEAKER CLARK IS RENOMINATED

House Democrats Hold Harmonious Six-Hour Caucus.

WESTERNERS IN ORGANIZATION

Congressmen From Several States Form Alliance and Will Act Much in the Same Way as State Delegation Is Expected to Do.

Washington, March 6.—Speaker Clark was renominated, Representative Underwood of Alabama again chosen chairman of the ways and means committee, the entire Democratic personnel of the tariff-making body named and all the house officials renominated at a harmonious six-hour caucus of the Democrats of the house of the Sixty-third congress. The caucus was held in the house chamber and 270 of the 290 house Democrats were present.

Before the caucus convened, representatives from western states, including Iowa, Kansas, Minnesota, Colorado, California, Michigan, Nebraska, Montana, Arizona, New Mexico and Wisconsin, had a joint conference and formed an organization to act as a unit as far as possible, in the same way that a state delegation would act.

TEXAS TRIES TO OUST TRUST

Penalties Aggregating $36,000,000 Asked From Standard Oil Company.

Greenville, Tex., March 6.—Suit seeking to oust the Standard Oil companies of New York and New Jersey and the Magnolia Petroleum company and Corsicana Petroleum company of Texas from the state and to recover penalties aggregating $36,175,000 from the four companies nemed and twenty five individual defendants, was filed in the Eighth district court here.

Violation of the anti-trust laws of Texas is alleged.

The Standard Oil companies of New York and New Jersey, the Magnolia Petroleum company and several of those named as individual defendants in the petition were indicted by a federal grand jury at Dallas last year for alleged violation of the Sherman anti-trust law, but recently the indictments were dismissed at the direction of former Attorney General Wickersham, who held that the evidence secured did not warrant the indictments

SONORA ANNOUNCES REVOLT

State Congress Publicly Repudiates Huerta Government.

Hermosillo, Sonora, Mex., March 5—Repudiation of Huerta's provisional national government was made officially here at a special meeting of the Sonora state congress, which also issued a general call to arms for all people of the state to prevent any intrusion of Huerta soldiers.

"Any attempt to bring government troops into Sonora will be resisted," was the message sent by the state authorities here to the party in power at Mexico City.

Provisional Governor Pesquiera has issued an announcement declaring:

"I am prepared to defend the state with my life."

METZ'S BOWL AT TOLEDO

Score Twenty-Seven-Eighty-Four in Five-Man Play.

Toledo, March 6.—The count of 2,784, almost a sure bet for a portion of the prize money to be distributed among the five-man teams entered in the American Bowling congress, was rolled up by the Metz five of Omaha. In their second game they scored 925 and in their last 969, due to a heavy count by Neale.

When the two-man and individual events were concluded for the day it was seen that Louis Wilson and W. Christy of Excelsior Springs, Mo., had taken second place in the two-man events with a count of 1,252 pins.

In the individuals, S. Sobieski of Des Moines, Ia., ran up 653 pins, which placed him second in that event.

Younger Madero Is Awaiting Relatives

New York, March 6.—Evaristo Madero, one of the younger brothers of the late president of Mexico, arrived fram Ithaca to await his parents and other members of the family, who are expected to reach here tomorrow on the steamer Mexico from Havana. Young Madero, who is about twenty-two years old, has just completed a four year course in agriculture at Cornell university.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS--25 CENT "DANDERINE"

SAVE YOUR HAIR! BEAUTIFY IT! INVIGORATE YOUR SCALP! DANDERINE GROWS HAIR AND WE CAN PROVE IT.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Advertisement.

NEW PRESIDENT HAS BUSY DAY

Wilson Settles Down to Work With Little Ceremony.

SHAKES HANDS OF MULTITUDE

President Wilson Announces That He Will Not See Candidates Unless He Sends for Them—Applicants Must See Heads of Departments.

Washington, March 6.—Woodrow Wilson has settled down in the chair of president as quietly and with as little ceremony, probably, as almost any man who ever crossed the threshold of the White House to become its master.

His long day was crowded with incidents and filled with the flavor of a power that is a president's. Almost his first act was to serve notice upon office seekers that they will not be welcome at the White House unless they have been invited. Almost his last act was to confer with John W. Kern, chosen as leader of the Democrats in the senate, and reputed representative of the administration in the upper house. In between he found time to shake hands with close to 2,000 persons, consult with his new cabinet and with a few friends in congress, dictate letters and generally launch his own ship of administration.

Precedents Still Safe.

In spite of the reports that Mr. Wilson might be expected to change many of the precedents that have grown up about the presidency, he bothered with none of importance except that which permitted the office seeker to invade the White House. He fitted in easily with the machinery of the executive offices, did mostly what trained officials told him should be done and took up the routine of government with ease.

Joseph B. Tumulty, Mr. Wilson's secretary, was just about as busy as his chief. He talked to the newspaper men stationed at the White House half a dozen times, dictated many letters, received the congratulations of scores of friends from New Jersey and talked with many prominent Democrats.

All the delegations received came by appointment and the reported policy of the "open door" was explained to be an "open door" only to those who call upon public business.

New Cabinet Holds Session.

Charles R. Crane of Chicago was the first to have an appointment with the president. The members of the new cabinet arrived while President Wilson was talking with Mr. Crane. Josephus Daniels, the new secretary of the navy, was first, and he was followed by Lindley M. Garrison, the new secretary of war; William B. Wilson, the first secretary of labor; William J. Bryan, the new secretary of state; Franklin K. Lane, who becomes secretary of the interior; David F. Houston, chancellor of Washington university of St. Louis, who becomes secretary of agriculture; Albert S. Burleson, who gives up his place in the house to be postmaster general; William B. Redfield, another member of congress, who becomes secretary of commerce, and James C. McReynolds, attorney general. William G. McAdoo, the new secretary of the treasury, was last.

GOSSIP ABOUT DIPLOMATS

Richard Olney May Be Ambassador to Great Britain.

Washington, March 6.—President Wilson made formal announcement that he offered an ambassadorship to Chairman William F. McCombs of the Democratic national committee.

"Mr. McCombs told me he did not wish a cabinet appointment. I have offered him one of the principal diplomatic posts and hope he will accept. I desire men of cabinet size for the chief foreign appointments," said the president.

It is known that the ambassadorship to France has been offered.

Particular significance was generally attached to the visit at the White House office of several other members mentioned for diplomatic posts.

Abraham I. Elkus of New York, who is likely to go to Japan, saw the president for a few minutes, as did Thomas Nelson Page, who may go either to Austria or Germany, and Charles R. Crane of Chicago, who seems certain to go to Russia.

Richard Olney of Massachusetts who was secretary of state in President Cleveland's cabinet, was said to be slated for Great Britain. Frederick C. Penfield will go either to Austria or Italy and Augustus Thomas of New York is likely for one of these two posts. Justice J. W. Gerard for Spain, William Church Osborn or Henry Morganthau for Germany or Turkey and Frederick H. Allen for Switzerland are considered likely to represent the new administration abroad.

Suffragists Lose in Massachusetts.

Boston, March 6.—After several spirited hearings, participated in by prominent men and women, a committee in the Massachusetts legislature voted to report "leave to withdraw" on a bill providing for a referendum on a constitutional amendment which would eliminate the word "male" from the provision defining the qualifications of a voter.

HE'S A MAN OF STRANGE POWERS

Carl Bauer, the Distinguished German Clairvoyant Now in Maryville, Mystifies All His Callers.

So positive am I of my power to tell the past, present and future, and exactly what you want to know, that I will make no charge unless you obtain perfect satisfaction and find me superior to all other mediums, clairvoyants and palmists.

The future can be told. Seek and find success, harmony, peace, power and happiness.

Make no mistake when you undertake anything of importance. Get his advice. Hundreds of others have been put on the road to fortune by him, so why not you?

Mr. Bauer is undoubtedly a wonderful man. Everyone should seize this opportunity to see and consult this remarkable man, whether they have any serious question to ask or not. He is earnest and sincere and can be depended upon to answer truthfully any question put to him.

Ladies and gentlemen can visit Mr. Bauer without unpleasant surroundings at residence, 322 North Mulberry street, corner Fourth, the Maplehurst. Hours from 9 a. m. to 8 p. m. Sunday 10 to 4. Reading one dollar, no more no less. Mrs. Bauer receives all callers.—Advertisement.

FEEL BULLY? TAKE CASCARETS TONIGHT

A 10-Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing sickening headache.

Salts, cathartics, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels clean and regular for months.—Advertisement.
